

How To Successfully File An Insurance Claim

Plan for better results with MAX4 Claims Specialists

CONDUCT ROOF INSPECTION

Inspect the entire building for hail or wind damage. Hail damage should be found by using bright colored sidewalk chalk. Swipe over the hail impact with the chalk on edge. Take photos of all damage on the roof and exterior (interior when it applies).

EXPLAIN THE PROCESS

Take a few minutes to discuss with the Insured the damage you found. This is a perfect time to talk them through the insurance and supplement process. Have them sign your Letter of Intent (Agreement).

START THE CLAIM PROCESS

Once you have created your initial estimate and photo report for the building, email a copy to the Insured so they can file an insurance claim. They can achieve this by asking their insurance agent for assistance.

THE ADJUSTER WILL CALL

Once the claim has been filed, the Insured will receive a call from the insurance adjuster. The adjuster will set a date/time with the Insured to view the damage. Ask the Insured to inform you once the appointment has been set, so you can also attend.

THE ADJUSTER'S INSPECTION

Be onsite for this. Quietly observe, become an ally, do not challenge the adjuster at this time.

WWW.MAX4CLAIMS.COM

ADJUSTER WILL EMAIL RESULTS

An emailed copy of the insurance company's estimate will be sent to the Insured, along with their 1st check. This is for the "ACV" or actual cash value of the repairs. This amount is usually around 50% of the total amount for repairs to the building.

TIME TO SUPPLEMENT

Call MAX4. Then MAX4 will email you a "unique MAX4 upload link." Contractor should upload 4 items to the MAX4 Contractor Link. Notify MAX4 once this has been completed. Those items are:

- The Insurance Company's Estimate
- All damage photos taken
- An Eagleview of the address
- The signed Letter of Intent (Agreement)

MAX4 WILL RESPOND 24-48 HRS

We will quickly notify you; then go to work for you. At this point, MAX4 will create a SUPPLEMENT estimate with the additional items, create a photo report, and email documentation to the adjuster for review.

WE BEGIN THE NEGOTIATION

MAX4 will begin to negotiate with the insurance company through emails and phone calls. For better results, we ask you leave all future communication with the carrier to us.

CONGRATULATIONS, APPROVED!

Once MAX4 receives an "APPROVAL" we will contact you and detail the increase. At this point, MAX4 will invoice you 10% on the "new" money only - money the insurance company added to the estimate.

COMPLETE THE WORK, SIGN COC

Once completed, ask the Insured to sign your COC. Have the Insured send the following to their insurance company: Signed COC and completion photos. Now you can receive your final payment for the repairs. The insurance company will send the Insured all the money they previously held back. This money is called "Depreciation."
